NRTF in association with CHINA PLATE, TAKE ART and THE PLACE present the RURAL TOURING DANCE INITIATIVE's third

DANCE PERFORMANCE MENU

September 2018 - May 2019
Welcome to the third menu produced by the Rural Touring Dance Initiative (RTDI)

Background
In 2015 The National Rural Touring Forum joined forces with The Place, Take Art and China Plate to launch a brand new 3 year initiative designed to assist in the making and touring of contemporary, accessible dance to rural areas. The project has been made possible by a grant from Arts Council England’s Lottery Funded Strategic Touring Programme. Due to RTDI’s success, we were delighted to hear in November 2017 that the project has been granted £417,000 to continue the work for another 3 years (August 2018 – July 2021).

So Far...
We have been delighted by the response to the first two menus. We have had expressions of interest from 99% of schemes and we were able to programme 130 shows from the 15 companies offered, some returning having been popular first time round. The initial response from schemes, promoters, audiences and companies has been extremely positive. Thanks to everyone’s tenacity and creativity we had average audiences of 82% capacity and we are beginning to create an awareness in the dance sector that Rural Touring can be a great place to tour work.

The 3rd Menu
The 3rd menu follows the same format as menu 2. Therefore we have 2 sections:
1. New shows
2. Returners - just 1 company this time.

New shows
Due to the timing of the funding decision and the need to keep the continuity of menus being distributed in January, we have curated a Menu from companies that have been represented before (with one exception) who are offering a new show. RTDI has already invested resources from the project to ‘rural proof’ their approach to touring. While the cost and resourcing of the different shows might vary from company to company you will see that the cost of most performances remains between £650 and £700. The fee is based on offering an opportunity for you to book all companies on an equal basis. These companies are contracted by NRTF via RTDI.

The ‘Returner’
We instigated this section in the last menu to acknowledge the experience a company and show build up having gone through the process once. If a show has been a success it’s positive to allow other schemes/venues/promoters to benefit from that knowledge by offering it again. We are thrilled to have our commissioned company *bgroup* back with their fabulous show *Point of Echoes*. This company will be directly contracted to and paid for by schemes but in this menu schemes can claim back £400 (not £200 as previously) from RTDI to help pay for the show.

We are really excited by the choice of companies and shows on offer - we hope you will be too...

BOOKING SHOWS
This section is most relevant to scheme managers

**There is a separate booking form included with the menu.** Please note that we are working to a timeline which has been requested by the dance companies to enable them to contract dancers well in advance of bookings. We are aware that this might not fit into some schemes’ customary booking timeline.

The deadline for returning expressions of interest bookings is **Monday 19 February 2018**, allowing time for information to be circulated to promoters, choices and options discussed by schemes with promoters and returning of the booking form. We will then create a series of touring schedules for each company, aiming to offer schemes as many first choice options and dates as possible. Schemes may find it useful to speak to fellow schemes in their region and beyond to coordinate shared interests.

We aim to confirm touring dates by **6 April 2018**.

We aim to offer companies as much certainty as possible with bookings and wish to avoid ‘grey areas’ where dates are taken by schemes and subsequently cancelled due to a lack of take up from village promoters. We hope we have given schemes adequate time to discuss the programme with local promoters. Therefore the expectation is that once a show has been allocated to a scheme they will find a venue and audience for it.

Please list the companies (and preferred touring dates for that company) that your scheme wishes to book in order of preference. In order to moderate and plan national tours it may not be possible to offer you your first choice company or date. Please consider taking mid-week dates which will help to make tours viable.
Please only indicate the companies that you are definitely interested in and indicate the total number of shows that you would ideally like to book. We are planning to support 65 shows over this second touring period and it may be possible to offer approximately 1 to 4 supported shows per touring scheme depending on scheme demand. It may be possible for you to book extra shows at a full fee cost and we can support you in your discussions with the companies. There will be a contract between the scheme and the NRTF relating to bookings and schemes will pay the agreed fee to the NRTF.

If you have any questions please phone or email Claire to talk through your queries: claire@nrtf.org.uk

WRAPAROUND ACTIVITY
Each company will be offering ‘wraparound’ activity for each of their shows and this will vary from show to show. This could take the form of a workshop for people local to the venue in advance of a show and/or an informal post-show discussion with the artists. It is important schemes commit to these activities alongside the shows.

NRTF RESPONSIBILITIES
The NRTF will be responsible for providing financial support for shows, contracting and paying companies, providing marketing support and resources, liaising on tour dates with companies and schemes, collating data and evaluating success of tours. Please also see additional support noted over the page.

SCHEME RESPONSIBILITIES
For those schemes that wrote a letter of support, your commitment is to take at least one performance from each menu. You will also enter into a contract with the NRTF to pay the agreed fee for each performance. Those schemes who will be Dance Ambassadors Schemes in RTDI 2 have agreed to a higher degree of responsibility around the development and sustained programming of dance in their scheme. They have also committed to programming a minimum of 2 companies off each menu and 3-4 performances overall.

We will ask you to participate in a limited amount of quantitative data collection (such as audience data for each performance) and qualitative evaluation at both audience and scheme level. Our overall target for average audience attendance is 66 and we would like to exceed this. Claire and the partners will work with you, the companies and the local promoters to achieve successful, high quality experiences for audiences and a growing interest in dance performance.

PROMOTER RESPONSIBILITIES
Promoters are responsible for choosing, booking, publicising (locally) and selling tickets for shows; ensuring venues are safe, accessible and comply with all insurance and licensing regulations; liaising with companies leading up to performances and managing the show on the day; hosting the companies if appropriate and paying the local scheme an agreed fee.

TICKET PRICES
Final ticket prices decisions rest with the scheme and local promoter. We are keen to value the professionalism of the companies while at the same time understand there might be local circumstances that might influence your decision on ticket prices.

MARKETING
Companies will send posters and fliers to each promoter direct. Companies will send schemes a press release for them to distribute to local promoters well in advance of performances.

In addition to the publicity the companies will provide, we are offering an enhanced package of support in RTDI 2.

We will be running marketing sessions supported by the audience agency and we will be helping companies target their marketing more specifically to rural touring. We will also be supporting companies to make targeted trailers and bespoke print. Claire will also be on hand to support you on an individual basis.

There will be a national PR and social media campaign to promote the tours.

‘GO AND SEE’ GRANTS
We have grants available ranging from £150 to £500. We would like to support scheme managers, promoters and loyal audience members;

• To visit other schemes who are marketing dance shows to see how they do it
• To see the show prior to your performance if dates are available
• To see shows at the annual NRTF Conference if they are programmed, or any festival.

YOUTH
Children and Young People’s participation is a particular priority for the next 3 years. Each year we are offering 24 workshops and performance packages whereby companies will offer a workshop in advance of the show (not on the day of performance) and we are looking for participants to purchase a ticket for the show as a condition of taking part. Workshops will be heavily subsidised but we will be charging schemes a fee of £100 per workshop and contributions to the 2-4 day residencies will be between £250-500.

LOST DOG: Juliet and Romeo - A Guide to Long Life and Happy Marriage

Lost Dog’s new show reveals the real story of Romeo and Juliet. It turns out they didn’t die in a tragic misunderstanding, they grew up and lived happily ever after. Well they lived at least.

Now they are 40ish, at least one of them is in the grips of a mid-life crisis, they feel constantly mocked by their teenage selves and haunted by the pressures of being the poster couple for romantic love. They have decided to confront their current struggles by putting on a performance – about themselves. Their therapist told them it was a terrible idea.

With Lost Dog’s blend of dance, theatre and comedy this stunning duet takes on our cultural obsession with youth and our struggle with how things are supposed to be. A humorous and heartfelt investigation into love, loss and longevity.

“Ben Duke’s take is no straightforward adaptation. He scrubs things out, scribbles in the margins, blurs art and life until the two are almost indistinguishable…it’s all the more stunning for it.”

Windrush is a brand new work for 2018, choreographed by Artistic Director Sharon Watson. After the success of Plan B for Utopia during the first Rural Touring Dance Initiative, Joan Clevillé Dance returns with The North.

Full of magic and dark humour, The North follows the whimsical story of John, a young man who finds himself lost in the harsh yet delicate wilderness of the North with only himself and two eccentric Northerners for company. Without any memory of who he is or where he comes from, John searches for his own identity in an increasingly unpredictable environment, an imaginary place where being lost is the norm and letting go the only way to survive.

Blending elements from dance, physical theatre and puppetry, The North features cinematic visual and sound design with original music by Luke Sutherland (Mogwai) and an eclectic soundtrack from Wagner to Frank Sinatra.

“Clevillé takes the surreal into a realm that is both ridiculously entertaining and chillingly dark... Utterly moreish”

The Herald

“I felt like my mind was being bent... It was amazing and magic”

Leviathan follows Ahab, a ship captain hell-bent on capturing the white whale: Moby Dick, a beast as vast and dangerous as the sea itself, yet serene and beautiful beyond all imagining. Ahab's crew are drawn into the unhinged charisma of their captain, blindly following him on his perilous adventure towards almost certain destruction.

Multi-award winning choreographer James Wilton re-imagines Herman Melville's seminal novel, Moby Dick. Featuring a cast of 6, Wilton’s trademark blend of athletic dance, martial arts, capoeira and partner-work, Leviathan will have you on the edge of your seat. It will leave you gasping for air under the sheer ferocity of movement, all accompanied by a powerful electro-rock soundtrack by Lunatic Soul.

Leviathan is man versus nature; be careful what you fish for.

“Extraordinary” The Stage
“Handsomely crafted, ambitious and exciting” The Times

“Leviathan is an ambitious piece of dance from a distinctive choreographer who really knows how to let the body tell a story - and it's a whale of a tale”
Peter Jacobs, Reviewshub

“Saturday was AMAZING! The whole company loved the experience! We did put a lot of effort into adapting for the space, we got some fantastic feedback and engaging with the audience afterwards was really lovely - it just would not be possible to do that in a theatre! A man who watched in the tech run said that it was like standing beside a road, with things whizzing past and feeling the air come off”

**CORALI: Technicolour Everyday**

Corali is a leader in dance-performance created by artists with a learning disability. Their practice is made through a process of artistic collaboration and they explore the relationship between performers with and without a learning disability, between dance and other art forms, and between professional and participatory artwork. Corali’s dancers are at the heart of all their artistic activity, and their authenticity comes from their understanding of the world, wonderful uniqueness and talent.

Corali present an evening of their most recent work to showcase work by professional artists with a learning disability. This includes their 25-minute ensemble work, Technicolour Everyday, which is a dance theatre piece that combines the technicolor optimism of post-war film-musicals with personal imagined landscapes. This show is an exciting departure for Corali; it will enable them to embody character and play with their trademark improvisation. The evening will include a talk about the history of the company and how they work with film footage. Optional extras include a 20-minute pre-show promenade performance that draws on the show’s themes.

“I love Corali’s work and know to expect innovative, high quality dance... It was great to see the company take on style with such humour and conscious play... I loved the multi-media approach” Deborah Bestwick, Director, Ovalhouse

Tom Dale Dance: I Infinite

Set in a white, digitally animated environment, I Infinite is inspired by the digital world's quest to re-create life. Part dance, part video installation, it explores the boundaries between the artificial and the real, the digital and the organic worlds.

A solo dance piece, lasting 50 minutes, I Infinite is performed in a white cube space specifically created to be built and toured into a variety of venues.

Audience members, free to roam the space as they please, are invited to stand close to the dancer or just sit, transfixed, to watch the refined movement so often missed in more traditional theatre spaces.

“Much more than just contemporary dance... There’s a real harmony between the performer’s choreography and the graphics, a highlight being when she rocks, spins and tips a projected grid on the floor, as if she’s balancing on a piece of debris in space”

Design Week

“A dance, music, art and design clash in a mesmerising performance piece. A beautiful and sublime experience.”

UCHENNA DANCE:  
Hansel & Gretel

Commissioned by the Rural Touring Dance Initiative, DanceEast, Strike A Light and The Place

As part of RTDI 2 we are thrilled to include in this menu the first of three commissioned pieces of work. Following the success of The Head Wrap Diaries in Menu 2 Uchenna return with a new show for families made for Rural Touring.

Hansel & Gretel, our superhero guides discover a strange and colourful world. Finding themselves in a new country, full of strange sights and smells, Hansel & Gretel must outwit the adults to find their way back to their father.

Our story celebrates children’s tenacity, as we watch Hansel & Gretel tackle situations that would have the bravest of adults shaking in their boots. Uchenna’s choreographer Vicki Igbokwe will bring her fierce movement vocabulary, a blend of House, Waacking, Vogue, African and Contemporary, to tell this story with an Uchenna twist.

“Igbokwe blurs the boundaries between spectatorship and performance... Someone who is shaking up audiences in this manner is really one to watch out for”

In Confessions of a Cockney Temple Dancer, Shane Shambhu, Complicite Associate, is offering a humorous, honest and engaging bilingual solo with an acclaimed team of collaborators. By reflecting on his personal journey of growing up in East London, learning and performing Indian dance in the UK, Shane plays with the ways in which race, language, identity and culture have defined him.

“His show is full of oeuvres: stand-up comedy and audience interaction (some so tender), physical theatre, mime and mimetic gesture, storytelling, dramatic and raw feelings alongside the style and form of Bharatanatyam. It is through his body that Shane tells the stories best.”

Debbie Green, Pulse Review

“I was taken aback by Shane Shambhu’s excellent storytelling and characterisation skills. The audience was on its feet by the end and I came away with an understanding of the form, the movements, and the narratives that underpin Bharatanatyam.”

**BGROUP & CHINA PLATE: Point of Echoes**

Commissioned by the Rural Touring Dance Initiative, Warwick Arts Centre and DanceEast

The year is 1978, isolated from the mainland, Eric Valentine and Bernard Humphries have been stationed at Echo Point lighthouse, somewhere off the coast of England. The unlikely strangers have just begun to lay down foundations for this odd working relationship when the uncanny occurs.

Renowned international choreographer Ben Wright and musician and writer Stuart Warwick collaborate to bring you bgroup’s most intimate and theatrical production to date.

Point of Echoes is a haunting tale of love, death and monsters, blending the tones of a Wes Anderson movie with the eerie dread of The Twilight Zone.

“The whole audience was mesmerised throughout... [an] amazing performance”

Claire Marshall, Carn to Cove

“Funny, thoughtful and disturbing in equal measure”

**WRAPAROUND ACTIVITY**

A contemporary dance workshop led by Co-Artistic Director of Candoco Ben Wright. 2 hours for age 14+. Bespoke workshop could be designed for a specific group if desired. Standard workshop fee £250 inc travel.
The RTDI has allowed our scheme to programme fantastic work that has been out of our budget, bigger in scale than we can usually accommodate and daring in content. It has brought really interesting new work to rural audiences who have been lapping it up. The associated workshops have given opportunities to rural young people to work with inspirational professional dancers, which is so rare in our area. The dance programme has enhanced our overall offer to promoters and audiences both in terms of performances and outreach work. I believe that it has raised the profile of the RT sector with dance makers, and hope that has created an ongoing appetite for making work for this sector. I am already planning how we can continue to programme dance of this quality once the project ends.
