

Mumbo-Jumbo

Space and Touring Information – 2019 No Hit Wonders Show

Minimum Performance Space Required:

4m wide 3m deep

Minimum Height Required:

2.5m - seated performance

Running Time of Performance:

Roughly 2 x 45+ mins plus encores – but can do a single longer set if preferred.

Interval:

Interval definitely preferred by us – enables conversation and concentration.

Seating:

We prefer the audience to be sitting round tables but theatre seating is fine too

No. of Performers:

Three performers and one technician

Get In Time:

90 mins for comfort cushion but we can do it in 60 mins

Get Out Time:

One hour

Stage:

We don't carry a stage and prefer to use a low one - but its not essential

PA & Lighting:

We always bring all PA & Lighting – and a technician to operate it

Marketing:

A5 flyers, A4, A3 and A2 posters all available. We can offer a large outdoor banner, draft press release and radio interviews.

Target Audience:

The show is really aimed at adults, the typical village hall audience but we love to encourage kids to come who are interested in live music. It's a show for everyone.

Insurance/Safety

We have PLI and can supply a risk assessment for the show

Catering

If you are kind enough to feed us then we eat anything and have no specific dietary requirements and eat everything!

Working with us before the show

We don't use an agent so you just talk directly to us throughout. We are able to supply marketing support. We are really happy to chat about what you would like and need and we are quick to respond and happy to oblige!
